Talk to the Planners, Consortium and Morrisons!

As previously advised there are no planning restrictions on its use - can be used for 14 days in any year without requiring planning permission.

I've also asked Morrisons to give consideration to power/water supplies for community events in this space, (as we secured for the village greens.)

Mike has also copied and sent a lot of info about Farmer's Markets through to Gavin Clayton.

There are farmer's markets, as I'm sure you are aware, in Cambridge and Ely - may be worth while also talking to those authorities.

Would probably be worth your while also talking to the County Highways Dept, even though the roads are yet to be adopted.

Morrisons/ Consortium will be able to advise re any legal issues/covenants etc

Jane

Dear Sue

Morrisons are looking into the issue of a Farmers Market on the market sq. Chris Lee 01274 362263 is looking into it.

I have suggested a weekend day - monthly

How can we find out what conditions there are relating to the use of this area ?

Roger
